Timbre

Rigid Core Luxury VinylPlank

Timbre—a Corex™ Rigid Core waterproof luxury vinyl plank with gentle wire-brushing details and painted bevel edging creates the foundation for the perfect setting in any area of the house. The refined artistry of the product is crafted in 4 color offerings—“Reed” embodies the rustic charm of white oak, “Root” defines a weathered effect, “Woodwind” features natural elements of Birch and “Opus” has underlying features of distressed walnut.

Timbre eliminates the need for any additional underlayment, protects against scratches, prevents leakage and is FloorScore® Certified.

Colorways

This innovative rigid core luxury plank features **COREX™**, a rigid solid polymer core that installs over most existing subfloors. Exceptional sound absorption and an anti-bacterial finish. Its enhanced urethane coating protects against scratches from everyday wear-and-tear, including from pets. No need to worry about spills either. 100% Pet-proof and 100% Waterproof.

Corex™

Timbre is FloorScore Certified. FloorScore® is the most recognized indoor air quality (IAQ) certification standard for hard surface flooring materials, adhesives, and underlayments. It was developed by SCS with the Resilient Floor Covering Institute (RFCI), and SCS is the exclusive certification body.

- Meets the requirements of California Specification 01350.
- Qualifies for green building standards, including: BREEAM, Collaborative for High Performance Schools (CHPS), LEED v4, WELL Building Standard and more.
- Promotes safer, healthier work and home environments.
- Identifies opportunities for improvement.
- Satisfies supply chain specifications and support customer innovation.
